

# UNSHAKEABLE

## Outreach Guide

### PRAY it up!

#### Objective:

To go prayer walking in a busy place, pray for the city and bless people with the power of prayer and then engage them with the Good News of Jesus.

#### What you Need:

A way to write down prayer requests, Life in 6 Words GOSPEL cards, and a heart dependent on God through prayer.

#### What to Say:

"Hi, my name is \_\_\_\_\_ and this is (intro others). We are here from \_\_\_\_\_ (city/state) attending a Dare 2 Share conference with thousands of other teenagers. We are walking through this area praying for this city and the people who live here. Is there any way we can pray for you?"

If they say "yes," ask what their prayer requests are and have someone write them down. Ask if you can pray for them right then (if they don't want to, assure them that it's fine and pray for them after).

Regardless of what they say, ask, "May we take 2 minutes of your time to share with you why we believe God answers prayer?" If they are not interested, then leave them with a GOSPEL card.

If they are interested, then say, "God loves it when we pray because He created us to be with Him..." Then share the GOSPEL. If they reject the message, be kind. If they want to know more send them to [www.lifein6words.com](http://www.lifein6words.com) (on the GOSPEL card) or encourage them to download the free Life in 6 Words app on their smart phone to go through later. If they are ready to trust in Jesus, walk them through the process, and then try to recommend a church in the area or e-mail them Dare 2 Share's follow up PDF "Now Grow!"

Remember to **ask** questions (and listen deeply), **admire** what you can about what they believe (find common ground) and **admit** the reason you're a Christian is that you were desperate for someone to save you.

Don't forget that the goal is a gospel conversation, not just an evangelical presentation.
