Hundreds of Thousands of Youth Mobilized Across 164 Countries and Territories on Dare 2 Share's Day of Global Youth Evangelism.

Arvada, CO — On November 14, 2026, youth ministries across the globe united for the Day of Global Youth Evangelism. Thousands of students went out into their communities, boldly sharing the hope of Jesus. From neighborhoods where faith is freely expressed to territories where sharing the Gospel comes at a cost, students demonstrated remarkable courage. Dare 2 Share witnessed a powerful movement of bold faith as young people proclaimed Jesus even in the face of danger.

To equip the over 17,000 registered youth groups around the world, this year's trainings were made available in six languages: English, Spanish, Arabic, French, Portuguese, and Hindi. These free resources helped break down language barriers and extend the reach of the Gospel, bringing Dare 2 Share one step closer to its vision: every teen, everywhere, hearing the Gospel from a friend.

"I believe God could be doing something so big among this generation that it leads to a global spiritual awakening unlike anything we've seen in the history of the church" said Greg Stier, Founder of Dare 2 Share Ministries.

In the United States, one leader witnessed a remarkable transformation: "I saw students that believed they were incapable of sharing Jesus, take a step out of their comfort zone and have their faith activated by the Holy Spirit to the point of excitement and eagerness to share with as many as they could. There were others that had to practically be dragged away from the outreach because they wanted to talk to 'just one more.'"

Similar excitement was seen across the Atlantic. In the United Kingdom, a participating leader shared on social media: "One of the biggest encouragements was seeing how eager and excited the young people were to step out of their comfort zones and put their training into practice."

In Nigeria the impact was just as evident, one leader said, "From engaging the community to having meaningful Gospel conversations, young people took what they had been equipped with and put into practice. We believe young people aren't just the church of tomorrow. They are an important part of God's mission today."

All around the globe, youth leaders accessed the free video training from Dare 2 Share that equipped teenagers to prayerfully and confidently share the message of Jesus with their peers, resulting in an impact that will reach far beyond a single day.
